in fact, value for value, it is one of the cheapest drinks and one of the most economical foods that can be obtained. A cup of hot Boyril costs less than a drink of whisky, and while giving a more Home. genuine and lasting warmth than the latter, contains, in addition, the nutritive principles of beef worth many times its cost.

Old fashioned beef teas and meat ex- PARIS tracts, whether known as such, or disguised under more pretentions modern names contain none of the NUTRITIVE properties of beef. ## THE YARN MARKET.

In their fortnightly report dated 13th inst., Meesrs Cawasjee Pallanjee and Uo.

Since the issue of our last circular dated the 27th bitime, our Yarn Market has ruled very firm. Continued favourable news from the consuming districts, advices of an excited market and advancing rates in India, combined, with a brisk local and speculative general demand, have find the effect of further strengthening our market, which now closes very firm with an advance in rates from lifty cents to two dollars per bale on last mail's prices ; business reported during the fortifieht being very considerable both for 'Spot us well as for 'To arrive.' No sales are reported in No. Co.-No. 2s are in small request at last mail's quotations.-A brisk enquiry for No. 10s has been experienced throughout the whole of the fortnight, and soveral selected and favourite threads have been taken up at an advance of about \$5 to \$2 per bale, and a most satisfactory business has been passing with considerable settlements both for spot and to arrive. -The prices of Nos. 12s and 16s have remained steady with a slight variation on previous quotations. - Owing to greater demand, firm eas of holders, and the subsequent scarceness of suitable threads of No. 20s, prices of such qualities have advanced from fifty cents to a dollar per bale. Sales during the pant fortnight comprise about 50 Bales of No. 8s -8,290 Bales of No. 10s,—1,100 Bales of No. 12s, -750 Balos of No. 10s. - and 3,550 Bales of No. 20s,-in all about 13,800 Bales. Arrivals per atenmers Suiscing, Ischi', Arrateon Apour, and Laising total about 8,500 Bales. Shipments to Shanghai and Coast Ports about 1,5 9 Bales. The unsold Local Production:-Sales of about 700 Bales of No. 10s at \$103 to 104 per bale are Japanese Yarn :-- About 250 Bales of No.

Sydney, February 11.-In the Divorce Court to-day, before Mr Justice Pring, Bessie Mary Becke sought to dispense with personal service of a petition upon George Louis Becke. The marriage took place at Port Macquarie, in 1886, and there was one child of the marriage. The ground of the application for a dissolution of marriage was desertion for over three years. The petitioner in her affidavits stated that she had not heard from the respondent since July, 1895, when she was informed he had left for England. Mr Justice Pring was not satisfied that sufficient steps had been taken to ascertain the respondent's where-

abouts, and refused the application. Startling Army Estimates

Calcutta, February 28,-The Englishman's London correspondent, telegraphing ROAD, Six Large-Roomed Bungalow, with on the 27th instant, states that the Army Estimates are very heavy, and that the Ministry is alarmed by their proportions. 551 It is bolieved that a fifth Army Corps will shortly be formed in South Africa.

#### AMENITIES OF AUSTRALIAN POLITICS.

#### Resignation of a Victorian Minister.

Molbourne, February 12 .- In the Logisaltive Assembly to-day, the Deputy-Speaker announced the resignation of Mr McKenzie as member for Anglesey. Mr McKenz'e's intention, in view of the adverse finding of the Select Committee in regard to the charges made against him, is to give his constituents an opportunity to review his actions.

Mr Toucher wanted to discuss the matter, but the Deputy-Speaker ruled that no debate was permissible.

'That's right,' interjected Mr Maloney, excitedly; 'cover it up.'

There was some disorder, but eventually FRONTIER the Speaker got a chance to call upon Mr Maloney to withdraw.

Mr Maloney refused to obey the Chair. Sir Alex. Peacock coaxed him, and the Premier also made an appeal to the obstinate member. Finally, Mr Maloney rose, and said that, in withdrawing, he did not wish that there should be any misunderstanding.

The Premier: Then I must ask the hon. member to withdraw.

Mr Maloney : I have withdrawn as much as I am going to. I won't do any more for you or anyone like you. So you can do what you like. (Cries of 'Chair,' and renowed disorder).

The Treasurer: The hon, member withdrew his remarks in a most insulting way. Mr Maloney: You are a liar, Mr Shiels.

Sir Alexander Peacock stated to-day that he does not intend to attack the Government in regard to the McKenzie scandal, as it was entirely caused by the late Minister for Lands' personal action, for which the Government was not responsible.

## TO PREVENT CROUP,

TEGIN in time. The first symptom is hoarseness, this is soon followed by a peculiar rough cough, which is easily recognized and will never be forgotten by one who has head it. The time to act is when the child first becomes hourse. If Chamberlain's Cough Remedy is freely given, all tendency to croup will soon disappear. Even after the croupy cough has developed, it will prevent the attack. There is no danger in given this remedy as it contains nothing injurious. It always cures and cures quickly. Health District No. 5 is the section of the city to be first dealt with, and, as we mentioned the other day, Death of Mr H. D. Smith. the Sanitary Authority could not have hit upon a district in which the reforms aimed at are more absolutely necessary than here. The district, as may be seen by reference to the local map, comprises some of the most densely crowded and insanitary blocks of the Chinese quarter and has an evil reputation for the large numbers of plague cases which it has Goods per Sydney unclaimed after Noon | produced for many years past. It is stated that these two members shall be elected by such ratepayers as are included in the Special and Common Jury Lists and also by such ratepayers as are exempt from serving on juries on account of their professional avocations. If our contentporary will look at the list of jurors, and take into consideration the few that are

The two elected BLEND | members, in fact, are the representatives the European ratepayers, and neither in the electing body nor in the Board as it will be finally constituted need there be any racial confliet such as our morning contemporary predicates. As the principle fought for by the popular representatives in the distilled in SCOTLAND, of great age, very last Board has been conceded by the blem. It is further noticeable that the Government, there should now be no difficulty in obtaining two good men to represent the Community, and, if we might venture to suggest two names, no better public representatives could be found than Mr H. This unimpeachable testimony has been borne out by all that we have heard concorning Stearns' Wine of Cod Liver Oil, which, as the most effectual substitute for ordinary cod liver oil yet devised by medical science, is now being very generally prescribed for wasting diseases of all kinds The extractive principles of codliver oil, combined with a rich wine, together with a desirable quantity of peptonate of iron form the sole ingredients | THE Imperial German Mail Steamship of Stearns' Wine of Cod Liver Oil.
